Anderson To Decide On Flour Rationing

(By Associated Press)
WASHINGTON, April 10.—A flour rationing plan without coupon worries for housewives hung fire today as the government took another careful look into the wheat situation made tense by widespread hunger abroad.

Secretary of Agriculture Clinton P. Anderson said he expected to decide during the day whether to put into effect an order requiring millers to cut their sales of flour to bakers and retailers by 25 per cent.

Should it be issued, it would have the effect of rationing supplies of flour to bakers and retailers, but not to consumers.

Officials have explained that machinery for consumer rationing of these products could not be set in motion in time to help out during the current food crisis.

Anderson's decision may hinge on a report scheduled to be issued by the department's fact reporting board today on stocks of wheat on farms April 1.

With commercial supplies at abnormally low levels, the government and millers must look to farm stocks for the bulk of all export and domestic requirements until the new crop starts moving to market in June.

Meanwhile fresh pressure for more wheat for hungry areas came from Director General Fiorenzo H. LaGuardia of the United Nations Relief and Rehabilitation Administration.

LaGuardia planned to appear today before the combined food board—representing the United States, Great Britain and Canada—to insist that member countries allocate 350,000 tons more a month than the 275,000 tons now being granted U.N.R.R.A.

Discussing other phases of the food problem, Anderson said the Agriculture department also was working on new measures designed to obtain larger quantities of meat to food fats and oils for the needy.

Most pessimistic estimate came from Robert Early, vice president of Early and Daniels Mill Co. in Cincinnati. He said the wheat supply was sharply reduced.

WARM DEBATE FORECAST ON SOVIET PLAN

Defeat Seen For Proposal To Discard Iranian Case

BY JOHN M. HIGHTOWER
NEW YORK, April 10.—United Nations delegation officials today forecast almost certain defeat for Russia's proposal that the Security Council throw out the Iranian case, although a rough debate appeared in store with the United States and Britain opposing the Soviet Union.

Iran's opposition to the Russian proposal was announced officially to the council last night, but it probably will not tackle the issue until next Saturday or Monday.

Council members arranged a closed session today to discuss the troublesome question of where U.N. headquarters should be, and some officials said, to decide on the date of next meeting.

Lively Discussion Looms

The headquarters question promised a lively discussion. Several delegates say privately they are very dissatisfied with present arrangements for meetings at Hunter College in the Bronx, and consideration has been given to moving to a huge modern factory building at Lake Success on Long Island.

There has been some informal talk about taking the organization away from New York, and the names of San Francisco and Geneva, Switzerland, again have entered into site speculation, though not in a very serious manner this far.

The Security Council yesterday received formal notice of the Russian demand for dismissal of the Iranian case when President Quao Tai-Chi of China announced he had a Soviet letter for the council's consideration and also a letter from Iran.

Transmitted by Ambassador Husseini Ala, the Iranian statement disclosed that despite the agreement on Soviet troop withdrawals, oil concessions and political questions which Tehran has made with Moscow the government at Tehran wants the Security Council to continue to keep an eye on the situation until all Red army forces are out of the country.

May 6 Date Affixed

"It is the desire of my government," Ala wrote, "that the matters referred by Iran to the Security Council remain on its agenda as provided by the resolution adopted April 4, 1946."

That resolution provided the council should take up the Iranian case on May 6, deadline by which Russian troop removals are supposed to be complete.

In his letter insisting on dismissal, Soviet Ambassador Andrei Gromyko said the council's action had been incorrect and illegal in approving this resolution.

Inquiry among various delegation leaders brought to light the widely held view that Russia's proposal as set forth by Gromyko had virtually no chance of acceptance. Two main reasons were given for this view:

1. By their vote on April 4 an overwhelming majority of the council's 11 members expressed the belief that the council should retain some jurisdiction over the situation until the main issue is settled—that is, until Russian troops are out of the country.

2. To accept the Russian proposal they would not only have to reverse this basic position but they would also have to admit—because of the way the Russian proposal is presented—that they acted illegally and incorrectly in having taken the position in the first place.

Quotations Hear Talk By District Official

Dr. Bertha Lucky of Cleveland, district governor, conducted a round table discussion on the objects and aims of Quota at a dinner meeting of the Salem club last night in the Memorial building.

The hostess committee was composed of Miss Lillie Curtis, Mrs. George Shields, Mrs. Thelma McKenzie Circle and Miss Juanita Swartz.

The annual reports of the committees were read. Miss Marie Callahan entertained with two xylophone solos, "Love's Old Sweet Song" and "Anchors Aweigh." Mrs. J. W. Hundertmark was the accompanist.

After the meeting Miss Elsie Thomas, president, and her sister, Mrs. Helen Brumbaugh, entertained the members at their home, N. Lincoln ave., as a courtesy to Mrs. Lucky.

The new officers will be installed April 25.

Barkley Predicts Passage

(By Associated Press)
WASHINGTON, April 10.—The senate banking committee voted 14 to 5 today to send the proposed \$3,750,000 British loan to the floor for debate.

The action was announced by Senator Barkley (D-Ky.) after a closed meeting.

Barkley predicted the senate would pass the proposed credit "by a substantial majority."

Members said these proposals were rejected by the committee.

By Senator Taft (R-Ohio) to give Great Britain \$1,250,000,000 outright provided the money be spent in the United States. Taft told reporters that only Senators Capehart (R-Ind.) and Capper (R-Kans.) voted with him on this.

Plan on Bases Rejected

By Senator McFarland (D-Ariz.) to require Great Britain to turn over to the United States permanently the bases now used by this country on a 99-year lease.

By Senator Capehart to set up a \$1,500,000,000 credit for Britain against which she could borrow up to the extent of the annual deficit between her imports and exports.

Proponents of the loan have described it as a transaction designed in part to keep the British from reverting to their prewar empire preference system of foreign trade.

Taft said before the committee session that his substitute outright gift proposal, if turned down there, would be offered on the senate floor.

Taft said he had no doubt that the senate banking committee would approve the loan-authorizing legislation today. But he added he would offer his substitute when the measure reached the senate floor, possibly next week.

Taft contended that \$1,250,000,000 of the \$3,750,000,000 proposed British loan represented deficits the British expected to have in their trade with this country this year and in 1947 and 1948.

He said the remaining \$2,500,000,000 would finance British settlement of British trade deficits with other countries in the so-called "sterling bloc."

"I am perfectly willing to give the British \$1,250,000,000 to meet the difference in the amount of goods they expect to buy from us and the amount they expect to sell to us this year and 1947 and 1948," the Ohio senator said. "But I don't see why we alone should be called upon to finance their trade deficits with other countries."

UMW Chieftain Walks Out On Wage Negotiations With Operators

(By Associated Press)
WASHINGTON, April 10.—John L. Lewis and a United Mine Workers committee walked out on wage negotiations with soft coal operators today and threatened to stay out until the producers agree to discuss a welfare fund and improved safety conditions.

The UMW president has put the fund and safety conditions at the top of the nine demands he has made in negotiations on a new contract to end the 10-day-old shutdown in the soft coal pits.

K. C. Adams, editor of the United Mine Workers Journal and union spokesman, told newsmen the UMW delegation found it "useless and hopeless" to continue negotiations under present conditions.

Operators Non-Committal

There was no immediate comment from the operators, who stayed temporarily behind in the conference room.

Adams added in a statement that the operators had blocked the miners' attempt to report disagreement to the full joint conference.

Lewis also released a statement which he had prepared for the wage conference and in which he indicated that he expected the operators to meet his terms eventually if the strike is prolonged.

"We trust that time as it shrinks your purse, may modify your niggardly and anti-social propensities," he said.

Lewis complained of what he said was the operators' "complacency" and asserted that their "senseless cupidry" withheld from the miner the rewards of honorable and perilous exertion.

Earlier the negotiations had been barely kept alive.

Seek Specific Demand

Lewis asserted the operators "attitude belies the making of a contract" because they insisted on talking about wages and hours before committing themselves on his demand for creation of a health

Fear Frost Damage To Fruit Trees In District

Frost hit fruit orchards in Mahoning and Columbiana counties last night, but other parts of the state appeared to have been spared.

Damage in the Salem area, however, was not considered serious by growers this morning, although it could not be definitely ascertained early today just how badly the blossoms may have been ripped.

Little concern was voiced by district growers over the apple crop, as the recent cold weather has delayed blossoming.

Peaches, pears and plums were believed to have been partially damaged, one grower said.

Temperatures dipped to a low of 21 here early this morning.

Growers in the Mahoning county area expressed fear that substantial damage was caused to fruit, especially peaches, apples and cherries.

Some Districts Spared

Although the weather bureau had predicted a state-wide frost, an accumulation of clouds spread a protective blanket over most of Ohio and upset the forecast.

The temperature in the Columbus vicinity, which had been expected to drop to 30, got not lower than 33. Other readings were 32 at Cleveland, 28 at Akron, 29 at Findlay, 30 at Toledo and 26 at Mansfield.

Horticulturists at the Ohio experimental station, Wooster, reported freezes Sunday and today virtually ruined the sweet cherry crop and caused lesser damage to apples in and around Wayne county.

Serious damage to peaches was feared, although the station said buds might survive the cold.

Weather has delayed the blossoming of apple trees at least a week later than the April 14 blooming date last year. No extensive damage to sour cherries, plums or pears was reported.

A low of 38 was recorded in the Cincinnati area and no damage was reported.

Farm Agent Harold Ward of Cuyahoga county anticipated frost would affect sweet cherry and peach crops in that area, but estimated damage to date was not as extensive as that of last year.

Similar reports were made by other Northern Ohio farm agents attending a meeting at the Ohio experimental station at Wooster today. Most said last night's frost was heavier than that of Sunday night in the northern part of the state.

SALEM WILL HEAR NOTED JOURNALIST

H. R. Knickerbocker, famous foreign correspondent and lecturer of note, will bring this season's Town Hall meetings to a close with a lecture on "America's Tomorrow" at the High school auditorium at 8 tomorrow night.

A splendid speaker with an attractive personality, Knickerbocker's pertinent observations and trenchant analyses have attracted large crowds in his tour of the American lecture platform.

With 25 years of experience in covering the top news stories all over the globe, Knickerbocker brings to the platform a message both timely and instructive. He deals with the German and Russian situations in painting a picture of America's immediate future as well as what lies farther ahead of it and the course he advocates for this country to pursue.

For all his cosmopolitan contacts, his varied and daring exploits the world over, his audiences find him direct and unassuming in his speech and in his manner, and his viewpoint basically American.

Embezzlement Cases In U. S. High, Lions Learn

Dealing with the methods and motives of embezzlers, L. Brent Wood, a claims investigator for a Cleveland bonding company, spoke to the Lions club last night at the Lape hotel on "A Deadly Destructive Enemy in Painting a Picture of America's Tomorrow."

He explained how a person begins an embezzling career by stealing small sums and then works into larger figures as his daring increases.

Wood said that more than 160,000 cases of embezzlement are discovered in the United States each year but that only 6,000 of the offenders are caught.

Chester Kridler, a veteran of World War II, was awarded a chevron for his Lions pin in recognition of his service.

Clifford Zimmermann will have charge of next week's program when the history of scouting will be presented by Boy Scouts.

School Editors Attend Kent Meeting Saturday

Harvey Walken, Robert Musser, Delores Perko and Joanne Juergens and faculty advisers, R. W. Hilgendorf and H. C. Lehman, will attend the ninth annual northeastern Ohio press association clinic at Kent State university Saturday.

Walken and Miss Juergens are editor and assistant editor of the Quaker, high school weekly respectively, while Musser is business manager of both the weekly and the annual. Miss Perko is editor of the annual.

Hilgendorf is president of the Tri-County Journalism association.

8 Killed, 5 Hurt In Fire At Boston

(By Associated Press)
BOSTON, April 10.—Eight persons, including a mother, father and three small children, perished and five others were injured today in an early-morning fire that swept a four-story brick apartment house and brought swift investigation by fire and police officials.

The investigation included two other fires which started within a ten-block radius while firemen were battling the flames in the apartments in Belvedere st., where the deaths occurred.

The police listed the dead as: Mr. and Mrs. Anthony Wassell and their children, Suzanne, 5; Linda, 3, and Peter, 2; Mr. and Mrs. Napoleon LaPete and Patrolman Robert Mahar, 45.

Suzanne Mahoney, 23, was injured critically.

The bodies of three members of the Wassell family were huddled near a window in their upper floor apartment. The others were sprawled in other parts of their home.

Police reported Mahar and Miss Mahoney leaped from the Belvedere st. building when trapped by the spreading fire.

High School PTA Hears Council, Names Officers

"Our High School and What It Offers" was discussed by members of the high school student council when they had charge of the PTA program last night at the high school.

The seven members representing the council were Jerry Miller, Nancy Bates, Mary Dele, Patricia Thompson, Danny Smith, Richard Theiss and Bill Parks.

Principal Beman Ludwig spoke briefly on college requirements and Mrs. George Hawkins discussed the hot lunch program.

President Vincent Judge presided during the business session when officers for the coming year were elected. They are:

President, Harold D. Smith; vice president, Mrs. Elmer Bush; treasurer, Mrs. L. H. Baldinger; secretary, Mrs. Carl Gartner, and delegate to the state convention, Mrs. J. J. Cope.

Lunch was served by the refreshment committee in charge of Mrs. Vesta King.

The next meeting will be May 13.

Jaycees Sponsor Cancer Fund Drive This Month

Salem's part in the national drive against cancer, the disease which kills three Americans every 10 minutes, will get under way next week when about 200 coin boxes will be placed in prominent places throughout the city.

The campaign will continue until the end of the month.

The drive is under the sponsorship of the Salem Junior Chamber of Commerce which has named a three-man committee to head the campaign. Alroy Bloomberg, chairman, and Dale Wilson and Walter Dennis make up the committee.

Ohio's share in the national \$12,000,000 goal is \$750,000, of which 60 per cent will be retained in the state.

Home Life Too Rugged For English Bride

(By Associated Press)
NEW YORK, April 10.—Mrs. Evelyn Caroline Poston, 16-year-old English bride who left her husband's Salisbury, N. C., home after only 30 hours there, left New York by train today for the up-state home of her uncle and aunt, the British consulate reported.

The girl left Salisbury last Wednesday and was found yesterday by police in a mid-Manhattan hotel.

Detective John Leffler quoted her as saying she left her husband after finding he lived in a one-room cabin with few conveniences.

She told police she did not want to return to her old home in Crickwood, England, where she was married last Oct. 20. Rather, she said, she wanted to get a divorce and find a job and stay here.

Leffler said Mrs. Poston told him she had been under the impression when she was married that her husband was a wealthy man.

She said she had known Poston, a former ground crew corporal with an Eighth air force bomber group, for a year before they were married.

House Action Signal For 9-Month Draft Extension

(By Associated Press)
WASHINGTON, April 10.—The house leadership signaled today for double-check action on a bill for straightaway continuation of the draft until Feb. 15, 1947.

Almost as soon as the house military committee decided in favor of this nine-month extension, the measure was given a preferred place on the chamber's calendar, with debate scheduled for Friday and Saturday and a vote hoped for before the weekend recess.

The present law is due to expire exactly five weeks from today—May 15.

Indications were that the "bitter battle" which preceded the committee's 15 to 8 extension recommendation late yesterday would be renewed on the house floor.

Home Life Too Rugged For English Bride

(By Associated Press)
NEW YORK, April 10.—Mrs. Evelyn Caroline Poston, 16-year-old English war bride who left her husband's Salisbury, N. C., home after only 30 hours there, left New York by train today for the up-state home of her uncle and aunt, the British consulate reported.

The girl left Salisbury last Wednesday and was found yesterday by police in a mid-Manhattan hotel.

Detective John Leffler quoted her as saying she left her husband after finding he lived in a one-room cabin with few conveniences.

She told police she did not want to return to her old home in Cricklewold, England, where she was married last Oct. 20. Rather, she said she wanted to get a divorce and find a job and stay here.

Leffler said Mrs. Poston told him she had been under the impression when she was married that her husband was a wealthy man.

She said she had known Poston, a former ground crew corporal with an Eighth air force bomber group, for a year before they were married.

WARM DEBATE FORECAST ON SOVIET PLAN

Defeat Seen For Proposal To Discard Iranian Case

(By Associated Press)
NEW YORK, April 10.—United Nations delegation officials today forecast almost certain defeat for Russia's proposal that the Security Council throw out the Iranian case, although a rough debate appeared in store with the United States and Britain opposing the Soviet union.

Iran's opposition to the Russian proposal was announced officially to the council last night, but it probably will not tackle the issue until next Saturday or Monday.

Council members arranged a closed session today to discuss the troublesome question of where U.N. headquarters should be and, some officials said, to decide on the date of next meeting.

Lively Discussion Looms
The headquarters question promised a lively discussion. Several delegates said privately they are very dissatisfied with present arrangements for meetings at Hunter College in the Bronx, and consideration has been given to moving to a huge modern factory building at Lake Success on Long Island.

There has been some informal talk about taking the organization away from New York, and the names of San Francisco and Geneva, Switzerland, again have entered into site speculation, though not in a very serious manner thus far.

The Security Council yesterday received formal notice of the Russian demand for dismissal of the Iranian case when President Quai-Tai-Chi of China announced he had a Soviet letter for the council's consideration and also a letter from Iran.

Transmitted by Ambassador Husein Ala, the Iranian statement disclosed that despite the agreement on Soviet troop withdrawals, oil concessions and political questions which Tehran has made with Moscow the government at Tehran wants the Security Council to continue to keep an eye on the situation until all Red army forces are out of the country.

May 6 Date Affixed
"It is the desire of my government," Ala wrote, "that the matters referred by Iran to the Security Council remain on its agenda as provided by the resolution adopted April 4, 1946."

The resolution provided the council should take up the Iranian case on May 6, deadline by which Russian troop removals are supposed to be complete.

In his letter insisting on dismissal, Soviet Ambassador Andrei Gromyko said the council's action had been incorrect and illegal in approving this resolution.

Inquiry among various delegation leaders brought to light the widely held view that Russia's proposal as set forth by Gromyko had virtually no chance of acceptance. Two main reasons were given for this view.

1. By their vote on April 4 an overwhelming majority of the council's 11 members expressed the belief that the council should retain until the main issue is settled—that is, until Russian troops are out of the country.

2. To accept the Russian proposal they would not only have to reverse this basic position but they would also have to admit—because of the way the Russian proposal is presented—that they acted illegally and incorrectly in having taken the position in the first place.

Quotarians Hear Talk By District Official

Dr. Bertha Lucky of Cleveland, district governor, conducted a round table discussion on the objects and aims of Quota at a dinner meeting of the Salem club last night in the Memorial building.

The hostess committee was composed of Miss Lillie Curtis, Mrs. George Shields, Mrs. Theima McKenzie Circle and Miss Juana Swartz.

The annual reports of the committees were read. Miss Marie Callahan entertained with two xylophone solos, "Love's Old Sweet Song" and "Anchors Aweigh." Mrs. J. W. Hundertmark was the accompanist.

After the meeting Miss Elsie Thomas, president, and her sister, Mrs. Helen Brumbaugh, entertained the members at their home, N. Lincoln ave., as a courtesy to Mrs. Lucky.

The new officers will be installed April 25.

Mrs. McAllister received a wrist watch, while the men were given pocket watches.

8 TRUCK DRIVERS NABBED BY PATROL

Eight truck drivers were fined in Justice of the Peace C. M. Gardner's court in Edinburg yesterday following arrests by state highway patrolmen on charges of driving overloaded trucks.

The patrol conducted a check yesterday at the Edinburg weighing station.

One motorist, Walter Cusack, 20, of Pittsburgh, was fined \$15 and costs yesterday by Mayor R. R. Johnson following his arrest on a speeding charge.

Overload fines included:

Milton Doolittle, 32, of Erie, Pa., \$10 and costs.

Clarence Feight, 25, of Everett, Pa., \$15 and costs.

Alva Mallory, 35, of Cleveland, \$20 and costs.

Vernon Myers, 27, of Williamsport, Pa., \$15 and costs.

Lester Rhinehart, 36, of Cleveland, \$20 and costs.

Paul Colarie, 27, of Cleveland, \$20 and costs.

Barkley Predicts Passage

(By Associated Press)
WASHINGTON, April 10.—The senate banking committee voted 14 to 5 today to send the proposed \$3,750,000 British loan to the floor for debate.

The action was announced by Senator Barkley (D-Ky.) after a closed meeting.

Barkley predicted the senate would pass the proposed credit "by a substantial majority."

Members said these proposals were rejected by the committee.

By Senator Taft (R-Ohio) to give Great Britain \$1,250,000,000 outright provided the money be spent in the United States. Taft told reporters that only Senators Capehart (R-Ind) and Capper (R-Kans) voted with him on this.

Plan on Bases Rejected
By Senator McFarland (D-Ariz) to require Great Britain to turn over to the United States permanently the bases now used by this country on a 99-year lease.

By Senator Capehart to set up a \$1,500,000,000 credit for Britain against which she could borrow up to the extent of the annual deficit between her imports and exports.

Proponents of the loan have described it as a transaction designed in part to keep the British from reverting to their prewar empire preference system of foreign trade.

Taft said before the committee session that his substitute outright gift proposal, if turned down there, would be offered on the senate floor.

Taft said he had no doubt that the senate banking committee would approve the loan-authorizing legislation today. But he added he would offer his substitute when the measure reached the senate floor, possibly next week.

Taft contended that \$1,250,000,000 of the \$3,750,000,000 proposed British loan represented deficits the British expected to have in their trade with this country this year and in 1947 and 1948.

He said the remaining \$2,500,000,000 would finance British settlement of British trade deficits with other countries in the so-called "sterling bloc."

"I am perfectly willing to give the British \$1,250,000,000 to meet the difference in the amount of goods they expect to buy from us and the amount they expect to sell to us this year and 1947 and 1948," the Ohio senator said. "But I don't see why we alone should be called upon to finance their trade deficits with other countries."

Holding The Line

Congressmen, who have been urged by a quintet of executive spokesmen to hold the line against inflation, must be as puzzled as the congressmen's constituents about this whole credo of holding the line.

The way it works is that congressmen are asked to take responsibility for legislation they know is going to be unpopular, but while they are "holding the line" at the risk of their political welfare executive agencies are making bulges in the line for the sake of their political welfare. The breakdowns in national stabilization that are threatening to cause uncontrollable inflation are not due to anything that Congress has or hasn't done, but to the executive department's efforts to give everyone what he wants.

This is the third anniversary of the hold-the-line policy, under which wage earners have scored consistent increases in hourly rates and take-home pay. It is the third anniversary of a talking point which has concealed billions paid out in subsidies and lately is concealing general price increases granted by executive order to compensate for general wage increases also granted by executive order. Yet Congress is exhorted by executive spokesmen to hold the line against inflation.

An air of unreality which finds spokesmen for the Truman administration saying one thing and doing another has become the chief characteristic of Washington statements. The only line they are really holding is the political line, and they don't seem to be too sure of that.

Vic Donahey

According to the rule that ability in politics is gauged by the highest office held, Vic Donahey would be remembered as an Ohio senator during the era of Democratic power under Franklin D. Roosevelt.

But most Ohioans will reject the rule, preferring to remember the qualities that made "Honest Vic" Donahey a three-term governor in this state when Democrats had to pull their votes the hard way. His senatorship was an anti-climax in one of the most extraordinary triumphs of political astuteness Ohioans have witnessed.

His career as governor and later as one of his party's wisest heads has been studied admirably by many, always with the same conclusion. It was based on his personal ability to command confidence. He rarely made a speech. When he did speak, he was brief. But few politicians of his generation were so blessed with the symbolic attributes that people admire in public figures. With Calvin Coolidge, Vic Donahey shared something which mass psychologists call the common touch. People believed in these men because they reflected the people themselves. Ohio politics was brightened by Mr. Donahey's many years of service to his party and to the public. His death at the age of 72 is a reminder to those who remember his rise in the days of World War I and the years afterward that their generation soon will be gone.

A Clear Case Of Murder

The League of Nations, which would have been 21 years old this year if World War II hadn't killed it, is being formally interred at Geneva. On one point there should be no misunderstanding: that the League of Nations was murdered. It did not die a natural death.

It was murdered by governments that betrayed their peoples. No population wanted another war, but despots wanted it and arranged to get it. One of the first obstacles was the League of Nations. It was not formidable, but something had to be done about it.

The war-makers reasoned that if they withdrew, thereby signifying intent to violate the principle of collective security, other governments would be too confused, too cowardly and too frightened to do anything. That was what happened. The war-makers killed the League and not a hand was raised in its defense.

Now there is a new League of Nations with a new name. Collective security is being tried again. There are high hopes, not quite so high as the hopes of 1919 and thereafter, but high enough to seem exalted beyond any possibility of challenge. This time the governments are not going to betray their peoples. This time there will be no war-makers, only peace-makers. The League of Nations is dead, long live the League of Nations.

Troubled Waters On The Oil

It is not a shock to realize that oil was at the bottom of international tension over relations among the Soviet Union, Iran and the other United Nations. Oil is one of the prime necessities of modern life.

What is shocking is to realize that here is an issue which millions have discussed for many days in terms of principles when they should have been discussing it in terms of fuel for internal combustion engines.

Perhaps if the discussion had proceeded long enough in the United Nations security council, the right words would have come into it. The peace-makers, blessed men, would have quit pouring oil on the troubled waters and begun to pour the troubled waters on the oil.

It is significant that as soon as Iran saw light on the oil-concessions Russia wanted or as soon as someone saw light—the troubled waters, oil, tempers, outraged feelings and international tensions all subsided. The next time these things occur, things may be much clearer.

People are already looking up places where they can't afford to go this coming summer.

A woman's final decision seldom tallies with the one immediately following it.

GUARDING YOUR HEALTH

Troublesome Irritation Relieved By Ointment

BY HERMAN S. RUNDSEEN, M.D.

ITCHING around the lower opening of the bowel may not be an indication of serious disease but it can be a troublesome, nuisance-making ailment and irritating in the extreme.

Not only is it one of the most frequent of all afflictions of this area of the body, but occasionally one of the most difficult to treat.

Because in many instances it is impossible to find the cause of the trouble, treatment for the most part is devoted to the use of such substances as will relieve the itching. For example, ointments, lotions and the injection of irritating substances or anesthetics have been employed. X-ray treatments have also been used.

Suggested Ointment

Doctors Linn J. Boyd and Emma Bellows of New York have suggested using an ointment made up of lanolin and cholesterol with cetyl alcohol. In addition, it contained witch hazel, tannin and ephedrine. It would seem that an ointment of this type permits easy absorption of the substances and these substances in turn aid in relieving the itching. Anesthetics such as benzocaine and chlorbutanol may also be included in such preparations.

In a number of patients who used the ointment relief was obtained often over a period of months. It was found that the patients who improved most were those who also had some form of ringworm infection of the skin around the lower opening of the bowel.

Hence, it would appear that some substance might also be included in the ointment which would tend to get rid of the fungus infections.

Antiseptic Substance

The proper concentrate of benzocaine should be employed since an excessive amount will lead to irritation. It is also a good plan to include in ointments used for pruritis ani, as this condition is called, some anti-septic substance to aid in overcoming germ infections which may be present. Of course, a physician must supervise this type of care.

In every instance of this disorder, it is important to have a careful study made to determine if some condition may not be present which aids in producing the itching, for example, hemorrhoids or perhaps colitis and diarrhea.

On the other hand, it will be found that in most instances there is no disorder present to account for the itching.

In these cases, the use of an ointment which allows the anesthe-

League Of Nations Now Dead Officially

WASHINGTON, April 10.—The League of Nations, 26 years old but sickly from birth, is being buried at Geneva, Switzerland, its home.

World War I was the midwife and World War II was the undertaker.

Disowned early by one of its parents, the United States, the league allied, suffered convulsions, and had been in a coma since 1939.

The funeral, starting yesterday, may last two weeks. The league members will need that long to express the appropriate regrets.

Thus ends men's first real modern attempt to preserve world peace although they had been dreaming of it from the time of the ancient Greeks.

Neither discouraged nor dismayed by this, but quite sure they have learned from the weaknesses of the league men have tried again.

They have brought forth now the United Nations, still an infant but showing signs of strength if properly nurtured.

The league started its active existence Jan. 10, 1920, and, strangely, 26 years later to the day, Jan. 10, 1946, the UN went to work.

MACKENZIE'S Column

BY DEWITT MACKENZIE
AP Foreign Affairs Analyst

The French constituent assembly has made the sensational move of approving a bill for the suppression of prostitution in metropolitan France, thus striking a heavy blow at one of the forces most destructive to the moral fibre of chaotic Europe, for the old world is experiencing a plague of sexual immorality and its attendant disease which far exceeds anything ever has known before.

Immorality is a by-product of every war, but the Hitlerian conduct differed from others in that the Nazi teachings encouraged it both at home and abroad.

The Nazi Fuehrer taught German girls that it was a patriotic duty to the fatherland to have illegitimate children to provide more soldiers. And in some conquered countries the Nazis conducted a regular campaign of interbreeding as to introduce German blood. It was all as coldly calculated as that. And naturally when such a code has been accepted, outright prostitution becomes easy for dulled consciences.

Thus we find that large sections of the populations in many parts of Europe have abandoned restraint and that even young girls who haven't yet reached their teens have joined the ranks of the professional.

France First To Take Step

France is one of the first countries to take constructive action to deal with this evil. The move is all the more striking in that regulated houses of prostitution have been permitted since 1877 and there are now some 3,000 in operation, doing a business which runs into millions.

Paris alone has 6,000 registered prostitutes, who have been responsible for increasing venereal disease. The new law not only contemplates the closing of all houses of ill repute within six months, but campaigns against white slavery and venereal disease are to be inaugurated.

Measures also are to be taken for the reeducation and rehabilitation of prostitutes. In order to make a clean sweep the law provides heavy penalties for cafe and hotel proprietors who allow their premises to be used by prostitutes. The crusade which has culminated in the new French law was begun last autumn by Madame Marthe Richards, a Paris municipal councillor who won fame as a spy in the first World war.

Mme. Richards said last December that people who were interested in the operation of these houses had offered her 1,000,000 francs (about \$8,500 at the present depressed rate of the franc) if she would "drop this whole business."

But she refused to quit, and now has her reward in the new bill. France has made a wise and timely move, but there are many other countries which will have to follow suit, and quickly, if Europe is to be saved from a lot worse than that which she already is afflicted. The moral decay has struck deep.

Now France has given a lead. Of course you can't stop such immorality by legislation alone for moral standards must be restored.

MacArthur Opens Program To Control Jap Finances

TOKYO, April 10.—General MacArthur took two steps today to regulate Japanese finances.

He abolished Japan's scheme of providing almost unlimited extension of national credit through government loan guarantees and borrowing by government instrumentalities.

He approved a project whereby Japan's fabulous Zaibatsu (family monopolies) will be forced to sell all their vast holdings for government bonds that cannot be negotiated for at least ten years.

This smashing of the Zaibatsu is expected to: Help refinance the Japanese government through bond purchases. Prevent the Zaibatsu from pointing industry toward war for its own profit or to permit a group such as former Premier Hideki Tojo from gaining a stranglehold on the nation.

Believe Blonde's Hotel Death A Suicide

DEATH OF A BLOND GIRL, identified as being Virginia Hepburn of Lindsay, Calif., whose unclad body was found astride a fourth floor balcony of a San Francisco hotel, is believed a suicide, following police questioning of two army officers.

One of the officers, Lt. Henry A. Blankenship, 24, of Atlanta, Ga., told police he watched the girl commit suicide after a night of drinking, after trying to stop her. The other officer, Lt. Steven Ondrusek of Binghamton, N. Y., left the party the night before. Police Chief Harry Bursell of Lindsay told authorities he had known the girl since she was a child and that she had a lengthy record as a delinquent. After hearing the officers' story, Inspector Al Corrasa said he was convinced the girl had taken her own life. Photos show the girl's body on the hotel facade and, left to right, Lt. Ondrusek, Miss Hepburn and Lt. Blankenship.

Strike Cost

In the first five months after V-J Day, industrial disputes cost more man-days of work lost than they did through all the war years, according to the Office of War Mobilization and Reconversion. Newschart above illustrates the relative losses.

U. S. Army Ground Forces Speed Discharge Program

WASHINGTON, April 10.—The army ground forces today had started a speeded up discharge program which it said would release enlisted men up to two and one-half months ahead of previous schedules.

Gen. Jacob L. Devers, commanding general, said yesterday that all age enlisted men eligible for discharge by June 30 would be moved to separation centers at once and would be discharged as rapidly as the centers could process them.

Personnel being returned from overseas because of eligibility for release by June 30, General Devers said, are not being held in the ground forces but as they reach this country are being sent immediately to separation centers.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again. Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

COUPLE MARRIED AT COLUMBIANA

COLUMBIANA, April 10.—In the presence of their immediate families and a few friends, Miss Virginia May Oesch, daughter of Mr. and Mrs. Harry Oesch, Sr., of Columbiana, and Edward Lee Gotthardt, Jr., of Leetonia, were united in marriage last Friday evening in the sanctuary of the Fry funeral home.

The ceremony was performed by Rev. Glenn L. Tennell of First Methodist church.

The matron of honor was Mrs. Forrest Kidd of Columbiana, a sister of the bride, and the best man was Russell Gotthardt of Struthers, a brother of the groom. Ushers were Forrest Kidd of Columbiana and Howard Bellhart of Leetonia.

The bride was gowned in a white floor length dress with round neck line, wore a fingertip veil and carried a bouquet of pink rosebuds. Mrs. Kidd, the maid of honor, wore a pink dress with sweetheart neck and carried a mixed bouquet of sweet peas.

A reception at the home of the bride's parents at 204 W. Park ave. followed the ceremony.

For traveling, the bride wore a pink suit with navy blue accessories. On their return, they will make their home for the present with the bride's parents.

He is employed at the plant of the Diamond Welding & Manufacturing Co. and Mrs. Gotthardt in the office of the Enterprise Manufacturing Co.

Gives Talk On Divorce

Atty Edmund Peters of Salem, in his address to Columbiana Rotarians at their meeting Monday evening at Valley Golf club, was inclined to class divorces among luxuries because there are so many more of them during prosperous times.

Peters' address dealt with juvenile delinquency, the increase in which he attributes to the increase in divorces. In more than 50 percent of divorces, he said, the couple have minor children, and the young people get into trouble because they are apt to have the feeling that there is no one to care what they do.

Walter Hartsock, April program chairman, introduced the speaker. Next Monday evening the speaker will be Don Gay, Columbiana county Boy Scout executive.

Plan Songfest

Plans are being made by the Golden Link class of Grace Evangelical and Reformed church for a "Songspiration" to be held Palm Sunday evening, April 14, in the church auditorium.

This vesper service will consist of special music, poetry, and group singing, and the entire community is invited to join in the service.

Lieut. Richard Reash, son of Mr. and Mrs. Ivan Reash, east of town, is spending a 30-day leave at home, after which he will report to Great Lakes for his discharge. His last service was eight months with the Marines at Pearl Harbor. His twin brother, Robert, who left Pearl Harbor later, is expected home soon.

Mr. and Mrs. Vender Blide of Findlay, formerly of Columbiana, announce the birth of a son, William Alan, in a Toledo hospital.

OPA Removes Controls From Miscellaneous Items

WASHINGTON, April 10.—The Office of Price Administration today had removed price controls from several hundred items which it described as for personal, household, office and professional use.

Items ranged from fly swatters and canes to hypodermic needles and syringes, sofa pillows, soda fountains and dentures.

Controls were removed from "gang and power lawnmowers" but not from the ordinary household type of mower, and were taken off "ladders (except step ladders)."

In another order, OPA took price controls off electrical, machine tools processing machinery, construction equipment, transportation equipment and miscellaneous items.

Who Knows 'Johnnie Doe'?

"I wanted a child, a son of his, for fear he would not return. As things came to pass, he did not come back, and here is his son." Those words are part of a tragic note, telling of her love for a soldier, which was left by the unwed mother of the three-weeks-old baby pictured above when she abandoned him in a pew at St. Mary's Catholic Church, Washington, D. C. If police do not locate the mother before the year's end, "Johnnie Doe," pictured above with nurse at Gallinger Hospital, will be put up for adoption.

Lady Nearly Choked

While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

COUPLE MARRIED AT COLUUMBIANA

COLUMBIANA, April 10.—In the presence of their immediate families and a few friends, Miss Virginia May Goch, daughter of Mr. and Mrs. Harry Goch, Sr., of Columbiana, and Edward Lee Gotthardt, Jr., of Leetonia, were united in marriage last Friday evening in the sanctuary of the Fry funeral home.

The ceremony was performed by Rev. Glenn L. Tennell of First Methodist church.

The matron of honor was Mrs. Forrest Kidd of Columbiana, a sister of the bride, and the best man was Russell Gotthardt of Struthers, a brother of the groom. Ushers were Forrest Kidd of Columbiana and Howard Belhart of Leetonia.

The bride was gowned in a white floor length dress with round neck line, wore a fingertip veil and carried a bouquet of pink rosebuds. Mrs. Kidd, the maid of honor, wore a pink dress with sweetheart neck and carried a mixed bouquet of sweet peas.

A reception at the home of the bride's parents at 204 W. Park ave. followed the ceremony.

For traveling, the bride wore a pink suit with navy blue accessories. On their return, they will make their home for the present with the bride's parents.

He is employed at the plant of the Diamond Welding & Manufacturing Co. and Mrs. Gotthardt in the office of the Enterprise Manufacturing Co.

Gives Talk On Divorce

Atty Edmund Peters of Salem, in his address to Columbiana Rotarians at their meeting Monday evening at Valley Golf club, was inclined to class divorces among luxuries because there are so many more of them during prosperous times.

Peters' address dealt with juvenile delinquency, the increase in which he attributes to the increase in divorces. In more than 50 per cent of divorces, he said, the couple have minor children, and the young people get into trouble because they are apt to have the feeling that there is no one to care what they do.

Walter Hartsock, April program chairman, introduced the speaker. Next Monday evening the speaker will be Don Gay, Columbiana county Boy Scout executive.

Plan Songfest

Plans are being made by the Golden Link class of Grace Evangelical and Reformed church for a "Songspiration" to be held Palm Sunday evening, April 14, in the church auditorium.

This vesper service will consist of special music, poetry, and group singing, and the entire community is invited to join in the service.

Lieut. Richard Reash, son of Mr. and Mrs. Ivan Reash, east of town, is spending a 30-day leave at home, after which he will report to Great Lakes for his discharge. His last service was eight months with the Marines at Pearl Harbor. His twin brother, Robert, who left Pearl Harbor later, is expected home soon.

Mr. and Mrs. Vendler Blide of Findlay, formerly of Columbiana, announce the birth of a son, William Alan, in a Toledo hospital.

OPA Removes Controls From Miscellaneous Items

WASHINGTON, April 10.—The Office of Price Administration today had removed price controls from several hundred items which it described as for personal, household, office and professional use.

Items ranged from fly swatters and canes to hypodermic needles and syringes, sofa pillows, soda fountains and dentures.

Controls were removed from "gang and power lawnmowers" but not from the ordinary household type of mower, and were taken off "ladders (except step ladders)."

In another order, OPA took price controls off electrical, machine tools processing machinery, construction equipment, transportation equipment and miscellaneous items.

Who Knows 'Johnnie Doe'?

"I wanted a child, a son of his, for fear he would not return. As things came to pass, he did not come back, and here is his son." Those words are part of a tragic note, telling of her love for a soldier, which was left by the unwed mother of the three-weeks-old baby pictured above when she abandoned him in a pew at St. Mary's Catholic Church, Washington, D. C. If police do not locate the mother before the year's end, "Johnnie Doe," pictured above with nurse at Gallinger Hospital, will be put up for adoption.

Lady Nearly Choked While Lying In Bed— Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP! Lease Drug Stores.

FDR'S Name Remains Topic Of Congress' Political Oratory

WASHINGTON, April 10.—Franklin Delano Roosevelt died a year ago this week, but his name and policies still are the subject of hot political oratory.

Debate about the late president breaks out frequently in congress, and political leaders said today they expect his program to be an issue in the coming elections.

House Democratic Leader McCormack of Massachusetts contended that Republicans already have injected Mr. Roosevelt's name into the campaign by "trying to smear him" in the investigation of the Pearl Harbor disaster.

Republicans hotly denied this. Reps. Keefe (R., Dis.) and Gearhart (R., Calif.), members of the Pearl Harbor investigating committee which reopened its public hearings briefly tomorrow, asserted their only desire is to tell the whole story of the sneak Japanese attack.

Some Republican leaders, who asked not to be named, said that while many of their campaign speakers undoubtedly will assail the administrations of both Mr. Truman and Mr. Roosevelt, party members are being urged to concentrate their fire on Mr. Truman.

One ranking Republican said the Democrats will be the ones to bring up Mr. Roosevelt's name most frequently. "A lot of Democratic congressmen would like to ride into office on his coattails again," he asserted.

Meat Packers Given Additional Subsidy

WASHINGTON, April 10.—The government yesterday authorized payment of approximately \$10,000,000 in additional subsidies to meat packers.

Stabilization Director Chester Bowles announced he was approving such payments in order to "bridge a six-weeks gap during which wage increases could not be covered by subsequent price increases."

A packing industry wage increase of 16 cents hourly retroactive to Jan. 26, was approved by the wage stabilization board on Feb. 26, but offsetting price increases did not become effective until six weeks later.

The additional subsidies, Bowles said, "will help slaughterers absorb the additional costs of the Jan. 26-March 11 period when prices remained at previous levels."

He said payments will be made only to those packers who carried on active operations during the six weeks period, who maintained normal production to the extent livestock was available from Feb. 23 to the date of application for the special subsidy, and to those who make the increased wage payments prior to April 25.

Meat Packers Given Additional Subsidy

WASHINGTON, April 10.—The government yesterday authorized payment of approximately \$10,000,000 in additional subsidies to meat packers.

Stabilization Director Chester Bowles announced he was approving such payments in order to "bridge a six-weeks gap during which wage increases could not be covered by subsequent price increases."

A packing industry wage increase of 16 cents hourly retroactive to Jan. 25, was approved by the wage stabilization board on Feb. 26, but offsetting price increases did not become effective until six weeks later.

The additional subsidies, Bowles said, "will help slaughterers absorb the additional costs of the Jan. 26-March 11 period when prices remained at previous levels."

He said payments will be made only to those packers who carried on active operations during the six weeks period, who maintained normal production to the extent livestock was available from Feb. 23 to the date of application for the special subsidy, and to those who make the increased wage payments prior to April 25.

Class A Softball League May Reach 10 Teams This Year

With ex-servicemen back in droves and many of them anxious to take part in Salem's favorite summer pastime—softball leagues—the outlook for the Class A league at Centennial park is extremely encouraging, according to an unofficial survey conducted by The Salem News this week.

Play is expected to begin about the middle of May.

Last year's Class A league of eight teams seems certain to grow into at least a 10-team loop this year, despite the fact that two teams, the Salem News and the Eagles, and possibly Leetonia's Booster outfit, are not planning to enter squads this season.

Already certain of having teams this season are the 1945 champions, —Sinclair Oils—Mullins, Recreation,

Salem China, Bowling Center, Demings and Electric Furnace. The Ohio Grill, Goodrich and Sip and Bite are other possible entries and the question of whether or not Leetonia will enter is still unsettled.

Sinclair's entry will be piloted again this season by Bob "Buck" Ritchie, now a student at Wittenberg college. For the most part the Oilers will have the same lineup that carried them to the title last year. "Mutt" Schaeffer, Oiler pitcher last year, is now in service, however.

Mullins, probably under the tutelage of Mike Schuler, is expected to field an improved squad this season with a promising group of veterans back in the employ ranks. As in the past few years, Mullins will probably have an excess of

talent as compared to the other entries.

Francis Lanney, high school pitching ace who toured for the factorymen last year, will not be available this year as he is in the army. The Mullins pitching question is not definitely settled, but several prospects are around, including John Zines, whose hurling talents are well known in this area.

The Salem China squad, always a top-notch club, has already begun organization proceedings with an ex-serviceman, Carol Moore, assigned to handle the managerial assignment. John Ehrhart will be business manager.

The Recreation, often tagged the "Old Timers" and under the guidance of Joe Kelley, will again field a team composed of some

of the city league's longest participating members.

Kelley's squad is not completely lined up as yet but there is some consternation regarding the possibility that Zines may take over the pitching for the team. Zines was last a Rec player when in league competition here, but he is now employed at Mullins.

Zines and Dale Ritchie, two of the loop's top pitchers, will both be in action this year. Ritchie is expected to work with the China again this year and will be shooting to better the league's all-time record of 17 straight victories, posted by him in the 1944 season when the China won the title.

The Bowling Center entry also remains a question mark to date as to personnel, but the team entry is a certainty. Stated for action so far are a younger group of re-

turned veterans. A manager has not been named.

The Sip and Bite squad, if one develops, is expected to include the personnel of the Eagles team of last season, with a few additions. Most of the Eagles' team last year were high schoolers, managed by George Ehrhart.

The Demings team, to be tutored this season by Al Sanders, will probably include a number of the regular Deming men. Whether or not Kenny Bruderly, former Pump mound star, will work on the mound this season has not been decided. To date Bruderly has said that he will not play this year.

Kenny McClaskey is handling the initial steps toward an Electric Furnace team and plans are proceeding well. Furnace teams have been absent from the loop for sev-

eral years, but in the past gave good account of themselves.

Wayne Sidinger may promote a Class A softball entry, but definite intentions have not been made yet. The Sidinger club would play under the Goodrich title.

Possibilities of a Leetonia team are good. The majority of the players who comprised the pep-filled Booster team of last season are still around and reports from the neighboring community have it that a good supply of talent is also available in returned war veterans, many of whom played with the near-championship team of a few years before.

Ralph Mancuso handled the management of the squad last year, but he is not planning to participate this season.

Withdrawal of the News squad from the loop releases Orle "Hoss"

Wright, Bob Miller, Pete Bennett, Chet Brautigam, Bill Fisher, Bob Boone, Darrel Rosenberry, Don Beattie, George Bergman, Dan Smith, Ty Swartz, Ralph Davis, Russ Hackett and several others from old contract agreements.

Wright is already signed to play with the China and several others are tentatively planning to play with other squads.

Most of the withdrawing Eagles squad are set to play with the Sip and Bite and the Leetonia players are still unsigned, pending the possibility of a Leetonia team.

Joe Kelley, league manager, has not set the date for the first organization meeting, but an announcement will be made soon as to the time and place.

Player rules are expected to be tightened this season, because of

the availability of so many more men as compared to the war years.

Action by the league as to rule changes enacted by some leagues and organizations throughout the country will be left to the team managers at the initial session.

In some leagues bases are being moved closer to home plate and the 10th man, the roving shortstop, has been eliminated. That action does not necessarily affect the Salem city leagues, Kelley said.

There is a good possibility that team entries this season may surpass the all-time high of 11 teams which participated in 1937.

Officials of the A league are not yet appointed, Kelley said. Ray Reasbeck, veteran umpire for the A group, has not indicated definitely that he will work this season.

Booster Basketball Banquet Set For April 23

WESTMINSTER COACH SPEAKER FOR CAGE FETE

Grover C. Washabaugh, Producer Of Top Teams, Chosen By Group

Grover Washabaugh, coach at Westminster college, will be the speaker at the Salem Boosters club banquet for the Quaker basketball squad at the Memorial building at 6:30 p. m. Tuesday, April 23. It was decided at the club's session last night.

Washabaugh, whose basketball teams have made the small New Wilmington, Pa., school famous throughout the country, has agreed to come as guest speaker.

The annual dinner will honor Coach Bob Miller's varsity and reserve squads and Coach Frank Tarr's Freshman squad. Basketball managers and the High school cheerleaders also are to be guests of the club.

The club decided to ask Rev. Robert Mosher and Rev. George Keister to give the invocation and benediction at the dinner meeting.

Orchestra Novelties Planned

An orchestra is to be hired for the pre-dinner program and Wayne McVay, Youngstown light announcer and entertainer, will offer several novelty numbers.

Jim Primm was named toastmaster for the affair but he declined to accept.

The banquet this year will be the third annual one sponsored by the Boosters club. Two years ago Don Gardner, Youngstown radio announcer, was the speaker at an affair in the High school home economics room. Last season State High School Athletic Commissioner H. W. Enswiler and Coach Mose Hole of Wooster spoke at the affair at the Memorial building.

The banquet last year was the largest ever held for a basketball team here and Boosters indicated last night that the 1946 affair would be equally as large.

Tickets are being printed and will go on sale Friday and Saturday. Souvenir programs will be prepared for the team members.

Here's Latest In Training Camps

COLUMBIA, S. C., April 10.—The Philadelphia Phillies, who have been outbidding the Washington senators pretty regularly, will have to start beating them today if they're to even their spring series. The Nats won 4-2, on three hits yesterday to take a 4-1 lead in the exhibition series.

WICHITA, Kans., April 10.—The Chicago Cubs, lagging by four games, will send Hiram Bithorn against the St. Louis Browns today in the semi-final of their 20-game exhibition marathon. Denny Galehouse will be gunning for the Browns 12th victory over the Cubs. Joe Grace poked a 13th inning homer to beat the Cubs, 3-2 yesterday and spoil a four-hit stint by Hank Borowy who hurled the first nine frames.

TULSA, Okla., April 10.—Hal Trosky, lefthanded power hitter, will try switch-hitting for the first time in years in the Chicago White Sox's waning exhibition feud with the Pittsburgh Pirates.

OKLAHOMA CITY, Okla., April 10.—Ex-paratrooper Johnny Grodzicki, who still wears a steel brace on his right leg while pitching as a result of a wound suffered in Germany a year ago, is scheduled to make his 1946 debut on the mound for the St. Louis Cardinals today against the Oklahoma City Indians. He is slated to relieve Harry Brecheen, a native Oklahoman, who will start for the Red Birds.

BARONS OVERHAUL BUFFALO TO TAKE 3-1 SERIES EDGE

Clevelanders Need Win Thursday To Renew Hockey Title

(By Associated Press)

CLEVELAND, April 10.—The Barons are within one game of retaining their American hockey league title, and that means they have come a long way since the end of the regular season.

By winning 7 to 5, last night from the Buffalo Bisons, Cleveland took a lead of three games to one in the best of seven Calder cup series. By winning Thursday night at Buffalo they could renew their title, but two more dates are scheduled—Saturday night here and Sunday night in Buffalo.

Heavily stocked with players over 30 years of age, the Barons have reached a commanding position in the finals by coming up the hard way. Buffalo was a first-place team at the end of the season, and had piled up a record number of points, while Cleveland was down in third place in the western division.

The Barons moved past Providence with two straight victories in the third-place playoffs, but barely squeezed past Pittsburgh in the semi-finals while the Bisons were subduing Indianapolis in the first-place bracket.

Last night's contest was another demonstration of the Clevelanders' ability to come from behind—this time they did it in the first period. The Bisons were leading 3 to 1 after 15 minutes of play, but the Barons caught up by the end of the period, and pushed ahead with two more goals in the second.

Two Baron centers played a significant part in last night's victory. Les Cunningham, a doubtful starter because of an injury, made Cleveland's second goal in the critical first period and contributed two assists in the second frame. Tommy Burlington scored two clinching goals in the third period, the final one on a slashing trip the length of the ice.

A record crowd of 12,791 fans crammed the arena.

Class A Softball League May Reach 10 Teams This Year

With ex-servicemen back in droves and many of them anxious to take part in Salem's favorite summer pastime—softball leagues—the outlook for the Class A league at Centennial park is extremely encouraging, according to an unofficial survey conducted by The Salem News this week.

Play is expected to begin about the middle of May.

Last year's Class A league of eight teams seems certain to grow into at least a 10-team loop this year, despite the fact that two teams, the Salem News and the Eagles, and possibly Leetonia's Booster outfit, are not planning to enter squads this season.

Already certain of having teams this season are the 1945 champions, —Sinclair Oils—Mullins, Recreation,

Salem China, Bowling Center, Demings and Electric Furnace.

The Ohio Grill, Goodrich and Sip and Bite are other possible "A" entries and the question of whether or not Leetonia will enter is still unsettled.

Sinclair's entry will be piloted again this season by Bob "Buck" Ritchie, now a student at Wittenberg college. For the most part the Oilers will have the same lineup that carried them to the title last year. "Mutt" Schaeffer, Oiler pitcher last year, is now in service, however.

Mullins, probably under the tutelage of Mike Schuler, is expected to field an improved squad this season with a promising group of veterans back in the employ ranks. As in the past few years, Mullins will probably have an excess of

talent as compared to the other entries.

Francis Lanney, High school pitching ace who toiled for the factorymen last year, will not be available this year as he is in the army. The Mullins pitching question is not definitely settled, but several prospects are around, including John Zines, whose hurling talents are well known in this area.

The Salem China squad, always a top-notch club, has already begun organization proceedings with an ex-serviceman, Carol Moore, slated to handle the managerial assignment. John Ehrhart will be business manager.

The Recreation, often tagged the "Old Timers" and under the guidance of Joe Kelley, will again field a team, composed of some

of the city league's longest participating members.

Kelley's squad is not completely lined up as yet but there is considerable interest regarding the possibility that Zines may take over the pitching for the team. Zines was last a Rec player when in league competition here, but he is now employed at Mullins.

Zines and Dale Ritchie, two of the loop's top pitchers, will both be in action this year. Ritchie is expected to work with the China again this year and will be shooting to better the league's all-time record of 17 straight victories, posted by him in the 1944 season when the China won the title.

The Bowling Center entry also remains a question mark to date as to personnel, but the team entry is a certainty. Slated for action so far are a younger group of re-

turned veterans. A manager has not been named.

The Sip and Bite squad, if one develops, is expected to include the personnel of the Eagles team of last season, with a few additions. Most of the Eagles' team last year were High schoolers, managed by George Ehrhart.

The Deming team, to be tutored this season by Al Sanders, will probably include a number of the regular Deming men. Whether or not Kenny Brudery, former Pump mound star, will work on the mound this season has not been decided. To date Brudery has said that he will not play this year.

Kenny McClaskey is handling the initial steps toward an Electric Furnace team and plans are proceeding well. Furnace teams have been absent from the loop for sev-

eral years, but in the past gave good account of themselves.

Wayne Sidinger may promote a Class A softball entry, but definite intentions have not been made yet. The Sidinger club would play under the Goodrich title.

Possibilities of a Leetonia team are good. The majority of the players who comprised the pep-filled Booster team of last season are still around and reports from the neighboring community have it that a good supply of talent is also available in returned war veterans, many of whom played with the near-championship team of a few years before.

Ralph Mancuso handled the management of the squad last year, but he is not planning to participate this season.

Withdrawal of the News squad from the loop releases Oiler "Hoss"

Wright, Bob Miller, Pete Bennett, Chet Brantigan, Bill Fisher, Bob Boone, Darrel Rosenberry, Don Beattie, George Bergman, Dan Smith, Ty Swartz, Ralph Davis, Russ Hackett and several others from old contract agreements.

Wright is already signed to play with the China and several others are tentatively planning to play with other squads.

Most of the withdrawing Eagles squad are set to play with the Sip and Bite and the Leetonia players are still unsigned, pending the possibility of a Leetonia team.

Joe Kelley, league manager, has not set the date for the first organization meeting, but an announcement will be made soon as to the time and place.

Player rules are expected to be tightened this season, because of

the availability of so many more men as compared to the war years.

Action by the league as to rule changes enacted by some leagues and organizations throughout the country will be left to the team managers at the initial session.

In some leagues bases are being moved closer to home plate and the 10th man, the roving shortstop, has been eliminated. That action by the national rules committee does not necessarily affect the Salem city leagues, Kelley said.

There is a good possibility that team entries this season may surpass the all-time high of 11 teams which participated in 1937.

Officials of the A league are not yet appointed, Kelley said. Ray Reasbeck, veteran umpire for the A group, has not indicated definitely that he will work this season.

WESTMINSTER COACH SPEAKER FOR CAGE FETE

Grover C. Washabaugh, Producer Of Top Teams, Chosen By Group

Grover Washabaugh, coach at Westminster college, will be the speaker at the Salem Boosters club banquet for the Quaker basketball squad at the Memorial building at 6:30 p. m. Tuesday, April 23. It was decided at the club's session last night.

Washabaugh, whose basketball teams have made the small New Wilmington, Pa., school famous throughout the country, has agreed to come as guest speaker.

The annual dinner will honor Coach Bob Miller's varsity and reserve squads and Coach Frank Tarr's Freshman squad. Basketball managers and the High school cheerleaders also are to be guests of the club.

The club decided to ask Rev. Robert Mosher and Rev. George Kestler to give the invocation and benediction at the dinner meeting.

Orchestra Novelties Planned

An orchestra is to be hired for the pre-dinner program and Wayne McVay, Youngstown radio announcer, was the speaker at an affair in the High school home economics room. Last season State High School Athletic Commissioner H. W. Enawiler and Coach Mose Hole of Wooster spoke at the affair at the Memorial building.

The banquet last year was the largest ever held for a basketball team here and Boosters indicated last night that the 1946 affair would be equally as large.

Tickets are being printed and will go on sale Friday and Saturday. Souvenir programs will be prepared for the team members.

Here's Latest In Training Camps

COLUMBIA, S. C., April 10.—The Philadelphia Phillies, who have been outitting the Washington Senators pretty regularly, will have to start beating them today if they're to even their spring series. The Nats won 4-2 on three hits yesterday to take a 4-1 lead in the exhibition series.

WICHITA, Kans., April 10.—The Chicago Cubs, lagging by four games, will send Hiram Blithorn today in the semi-final of their 20-game exhibition marathon. Denny Galehouse will be gunning for the Browns 12th victory over the Cubs. Joe Grace pitched a 13th inning homer to beat the Cubs 3-2 yesterday and spoil a four-hit stint by Hank Borowy who hurled the first nine frames.

TULSA, Okla., April 10.—Hal Trosky, lefthanded power hitter, will try switch-hitting for the first time in years in the Chicago White Sox's waning exhibition feud with the Pittsburgh Pirates.

OKLAHOMA CITY, Okla., April 10.—Ex-paratrooper Johnny Grodzicki, who still wears a steel brace on his right leg while pitching as a result of a wound suffered in Germany a year ago, is scheduled to make his 1946 debut on the mound for the St. Louis Cardinals today against the Oklahoma City Indians. He is slated to relieve Harry Brochen, a native Oklahoman, who will start for the Red Birds.

FIGHT RESULTS

KANSAS CITY—Willie Joyce, 138, Gary, Ind., knocked out Ruby Garcia, 136, Puerto Rico, (2).

BUFFALO, N. Y.—Phil Muscato, 181, Buffalo, outpointed Joe Maxim, 186½, Cleveland, (10).

NEW YORK—Irish Mickey Doyle, 157, Cleveland, knocked out Larry Moore, 158, Hempstead, N. Y., (9).

ELIZABETH, N. J.—Joe Curcio, 153½, Newark, N. J., knocked out Jimmy Mills, 149, Warren, O., (6).

HUFFMAN IS HIGH IN PISTOL SHOOT

D. Huffman fired in five of seven matches at the Salem Revolver and Pistol club shoot Monday night and registered the four highest marks of the evening, 181, 178, 174 and 170.

He lost only in the last event, 30 shots at 50 feet which was copied by G. Pinkerton.

The first six matches were fired from 50 feet also with the contestants firing 20 shots.

Results of last night's firing:

Match No. 1—R. Greenawalt, 59, 75-134; Huffman, 82, 92-174; O. Rinehart, 73, 64-137; M. Lutsch, Sr., 61, 58-119; M. Lutsch, Jr., 0, 14-14.

Match No. 7—P. Gotschall, 63, 77, 75-215; C. Blanchard, 71, 81, 80-232; G. Pinkerton, 77, 93, 65-235; D. Huffman, 75, 62, 71-208; D. Croup, 73, 70, 49-192.

The Old and (Maybe) the New

Rumor has it that Ted Lyons, right, veteran pitcher who served with Marines, will replace Jimmy Dykes, left, as manager of the Chicago White Sox next spring. Apparently the situation causes no hard feelings between Dykes and Lyons as they autograph bat for actress Ann Rhythe at Pasadena training camp.

Midget Auto Races Start Sunday At Bedford Track

CLEVELAND, April 10.—Midget auto racers will make their 1946 middlewestern debut Sunday afternoon at suburban Bedford's Sportsman park speedway, home of the

nation's fastest quarter-mile banked track.

The entry list, assuring one of the greatest fields of big name pilots and equipment ever to race here, is headed by two entries for the Indianapolis 500-mile Memorial day classic, Paul Russo of Kenosha, Wis., and "Wild Bill" Boyd of Steubenville, in addition to

WOMEN AT POLLS TO GIVE JAPAN POSTWAR REGIME

By RUSSELL BRINES

TOKYO, April 10.—Twenty-five million Japanese—led by a surprisingly large number of women who lined up early at polling places—today elected a postwar government in their first free election in generations.

The Tokyo vote was between 65 and 70 per cent of those eligible—slightly higher than the confused and semi-restricted 1937 election but considerably less than the 86 per cent under the Hideki Tojo coercion that marked the 1942 voting.

A National Holiday
Limited communications and the slowness of election procedure prevented accurate reports from such key cities as Osaka, where balloting started slowly with only 10 per cent cast by 9 a. m.

Polls opened at 7 a. m. and closed at 6 p. m. This was a national holiday, to encourage balloting.

The number of women voters exceeded expectations. In Tokyo, more than 50 per cent of those eligible went to the polls.

Many who asked for ballots were unable to vote because of mixed records and poorly coordinated registration, partially due to recent population shifts.

This led some Communist leaders immediately to demand, through the Japanese press, a new election.

An incomplete, mid-afternoon count showed Tokyo's heaviest vote came from predominantly working class and silk stocking wards.

There was no indication of trend. First reports of the count are expected by late Thursday.

Political experts earlier had forecast victory for conservatives, but with no single party winning a majority of the 468 diet seats at stake.

Advocates International Control Of Atomic Power

ATLANTIC CITY, N. J., April 10.—Dr. Glenn T. Seaborg, co-discoverer of plutonium, said today that unless effective international control of atomic energy was established "an alternative lies in foregoing the commercial use of this source of energy."

Asserting that such an alternative was a "solution which it seems a pity to be forced to accept," the University of Chicago scientist told the American Chemical society in an address prepared for a symposium on nuclear energy.

"In my opinion, atomic energy will be used in industrial peacetime applications because of the advantages which it affords, and therefore it will be necessary to solve this problem of control politically on the international front."

"The solution probably lies in the development of an international control system based upon inspection to prevent the diversion of the material to illegal purposes."

OBITUARY

MISS MARY ELIZABETH BRYAN

Miss Mary Elizabeth Bryan, 76, died at 10 p. m. yesterday at her home, 487 E. Seventh st., following a three years' illness of complications.

Born at North Benton Feb. 15, 1870, she was the daughter of Sarah Ann Hertz and Joseph Herron Bryan. She had spent the last 56 years in Salem, coming here from Deerfield. She was a member of the Methodist church and was a retired dressmaker.

Surviving are one sister, Miss Ida Belle Bryan, at the home; two brothers, Dallas William Bryan, at home, and John Albert Bryan of East Liverpool. One brother, George, preceded her in death.

Funeral service will be held at 2 p. m. Friday at the Arbaugh-Pearce funeral home in charge of Dr. J. A. Scott. Burial will be in Grandview cemetery.

Friends may call at the funeral home Thursday evening.

MRS. MABEL G. BURROWS

Funeral service was held at the Christian Science Chapel of Memories, Oakland, Calif., Tuesday for Mrs. Mabel Garrigue Burrows, 74, of Berkeley, Calif., a native of Salem, who died Friday in a Berkeley nursing home.

Mrs. Burrows, the daughter of the late Norman and Nina Hise Garrigue of Salem, moved to California 40 years ago. Her father was a former Columbiana county auditor.

Surviving are a daughter, Mrs. Virginia Burrows Herrick, and three grandchildren, Kenna, David and Joanna Herrick, all of Berkeley.

MRS. Z. T. IRWIN

Funeral service will be held here at 2 p. m. Thursday for Mrs. Sara T. Irwin, 96, East Palestine's oldest resident and mother of John Irwin, Columbiana county recorder.

The widow of Z. T. Irwin, she died yesterday at her home.

Also surviving are three other sons, Frank and James of East Palestine and Lloyd, Washington, Pa.; one daughter, Mrs. Elizabeth Hollister, who had left by plane for California only Sunday to make her home there; six grandchildren and five great-grandchildren.

Gay Life In Jail At Capital Amazes U. S. Congressmen

(By Associated Press)

WASHINGTON, April 10.—Congressmen blinked in amazement today at lurid descriptions of what life had been like in the "big house," less than two miles from the Capitol.

They heard that inmates of the District of Columbia jail had run business ventures from their cells, imported liquor by the case for gambling parties, and even entertained out-of-town models on occasion.

They also received further sworn testimony of prisoners being permitted to leave for business appointments in one of the city's most expensive hotels, of "lavish tipping of sundry jail officials," and of government stationery being used by prisoners for their correspondence.

Congressional investigators stumbled on this story at the outset of their inquiry into the recent escape of two condemned slayers from death row—a jail break which boosted to 573 the number of prisoners who fled district penal institutions since 1933.

The fireworks on district jail life were provided by Howard B. Gill, suspended as prison superintendent after a series of escapes a few months ago.

Gill testified before a special house committee yesterday that the goings-on he related had taken place before he became superintendent but that he had obtained the details in a 100-page memorandum from an inmate.

He asserted that his predecessor, Ray L. Huff, knew what was happening but "hushed up" the story. Huff, now district welfare director, denied this to reporters.

SPERRY PLANT MAY BECOME U. N. INTERIM HOME

DELEGATES TO THE UNITED NATIONS SECURITY COUNCIL, following an inspection of the Sperry Gyroscope Company plant at Lake Success, L. I. N. Y., were reported in favor of moving to this or a similar site. The confusion of the scattered facilities now being used in the Bronx and Manhattan has prompted the search for new quarters. Pictured is the main building of the spacious \$17,783,000 Sperry plant. (International)

OHIO SUPPLIES

(Continued from Page 1)

ply was "almost 100 per cent below normal."

A spokesman at Gwinn Milling Co., Columbus, asserted his bins were 50 per cent below normal. However, he added, a new harvest in July should replenish the supply.

"The supply has been below normal since last October," said Oscar L. Spencer, manager of the Montana Flour Mills Co. in Cleveland. "And it is becoming progressively worse. I'm afraid there will be no flour by summer."

Their statements were prompted by a national mill spokesman in Washington who said there may be no flour in America in 60 days.

Ohio millers attributed the wheat shortage to these factors:

(1) government purchases for European relief; (2) farmers withholding wheat from the market; (3) heavy wartime use by civilian and service personnel.

The farmers are withholding wheat, explained one mill spokesman, because they think they can feed their livestock more profitably than by selling it at present ceiling prices.

Wheat crop in this state last year was 60,993,000 bushels, compared with the 10-year average of 40,831,600 bushels.

Output of the Federal State Crop Reporting service is for 40,200,000 bushels (Dec. 1 estimate).

And it recommended that those figures, presented by the armed services themselves, be made the July 1, 1947 ceilings on Army, Navy and Marine strength.

Other Recommendations

The committee also recommended:

A limit of 18 months on training and service of any person "hereafter or hereinafter inducted."

A prohibition against the induction of fathers. However, it did not order the release of fathers now in service. Since the Army has promised to discharge them by the late summer if the recommended legislation is enacted.

That local draft boards be given the final voice in determining whether a farm youth shall be deferred because of his essentiality on the farm.

A ban against induction of anyone under 18 or over 30. (Present law prohibits inductions of men under 18 or over 44, although in practice the draft call has been limited to from 18 through 25 in recent months.)

Body Of Flier, Missing 2 Months, Found In Lake

GARY, Ind., April 10.—A two-month-old mystery of a missing army airplane was solved today after the uniform-clad body of an army lieutenant was washed ashore on the Lake Michigan waterfront here.

The body was identified as that of Lt. Charles R. Twomey of Woodstock, Ill., one of three passengers in an army plane which left the Lockbourne army air base near Columbus, O., last February for Chicago but never arrived.

Denies Fraud Charges

CLEVELAND, April 10.—Edgar M. INDICT RUSSIAN ON SPY CHARGES

(By Associated Press)

SEATTLE, April 10.—America's first postwar "spy" case reached a new climax last night when a federal grand jury indicted Soviet agent Nikolai Gregorovich Redin on five counts a few hours after the State department in Washington disclosed it had rejected a Russian request that the case be dropped.

The Soviet embassy made the request April 6 on the ground that Redin was innocent.

The grand jury indictment declared Redin, 29, had obtained information concerning national defense, induced another to obtain plans pertaining to national defense and conspired to obtain and transmit to a foreign government plans dealing with national defense.

It charged the young Russian naval lieutenant had sought the information "with intent and reason to believe that the information was to be used to the injury of the United States and to the advantage of a foreign nation, to wit, Union of Soviet Socialist Republics."

Justice department officials said in Washington the case apparently was the first in United States history in which the government had prosecuted an officer of a foreign power in peacetime.

and thus force a vote in time to submit the limitation proposal to the people in the form of a constitutional amendment before the 1948 presidential election.

WOMEN AT POLLS TO GIVE JAPAN POSTWAR REGIME

By RUSSELL BRINES
TOKYO, April 10.—Twenty-five million Japanese—led by a surprisingly large number of women who lined up early at polling places—today elected a postwar government in their first free election in generations.

The Tokyo vote was between 65 and 70 per cent of those eligible—slightly higher than the confused and semi-restricted 1937 election but considerably less than the 86 per cent under the Hideki Tojo coercion that marked the 1942 voting.

SPERRY PLANT MAY BECOME U. N. INTERIM HOME

DELEGATES TO THE UNITED NATIONS SECURITY COUNCIL, following an inspection of the Sperry Gyroscope Company plant at Lake Success, L. I., N. Y., were reported in favor of moving to this or a similar site. The confusion of the scattered facilities now being used in the Bronx and Manhattan has prompted the search for new quarters. Pictured is the main building of the spacious \$17,763,000 Sperry plant. (International)

OHIO SUPPLIES

(Continued from Page 1)

ply was "almost 100 per cent below normal."

A spokesman at Gwinn Milling Co., Columbus, asserted his bins were 50 per cent below normal. However, he added, a new harvest in July should replenish the supply.

"The supply has been below normal since last October," said Oscar L. Spencer, manager of the Montana Flour Mills Co. in Cleveland. "And it is becoming progressively worse. I'm afraid there will be no flour in America in 60 days."

Ohio millers attributed the wheat shortage to these factors: (1) government purchases for European relief; (2) farmers withholding wheat from the market; (3) heavy wartime use by civilian and service personnel.

The farmers are withholding wheat, explained one mill spokesman, because they think they can feed their livestock more profitably than by selling it at present ceiling prices.

Wheat crop in this state last year was 60,963,000 bushels, compared with the 10-year average of 40,831,000 bushels. Outlook for this year, said the Federal State Crop Reporting service, is for 40,200,000 bushels (Dec. 1 estimate).

HOUSE ACTION

following manpower quotas by July 1, 1947:
Army, 1,070,000; Navy, 558,000; Marine corps, 108,000.

And it recommended that those figures, presented by the armed services themselves, be made the July 1, 1947 ceilings on Army, Navy and Marine strength.

Other Recommendations
The committee also recommended:
A limit of 18 months on training and service of any person "heretofore or hereafter inducted."

A prohibition against the induction of fathers. However, it did not order the release of fathers now in service. Since the Army has promised to discharge them by the late summer if the recommended legislation is enacted.

That local draft boards be given the final voice in determining whether a farm youth shall be deferred because of his essentiality on the farm.

A ban against induction of anyone under 18 or over 30. (Present law prohibits inductions of men under 18 or over 44, although in practice the draft call has been limited to from 18 through 25 in recent months.)

Body Of Flier, Missing 2 Months, Found In Lake
GARY, Ind., April 10.—A two-month-old mystery of a missing army airplane was solved today after the uniform-clad body of an army lieutenant was washed ashore on the Lake Michigan waterfront here.

The body was identified as that of Lt. Charles R. Twomey of Woodstock, Ill., one of three passengers in an army plane which left the Lockbourne army air base near Columbus, O., last February for Chicago but never arrived.

Denies Fraud Charges
CLEVELAND, April 10.—Edgar M. Griswold is charged with feigning to be an employee of a brokerage concern and a representative of the American Distilling Co.

Indict Columbus Slayer
COLUMBUS, April 10.—A Franklin county grand jury indicted Thayer H. Evers, 34, yesterday for second degree murder of Harvey E. Leffler, 73-year-old church janitor who was shot to death through a door as he prepared a church building for Sunday school services Feb. 24. Evers, who was charged with manslaughter, told police he mistook the janitor for a prowler.

Prisoner Escapes
LONDON, April 10.—The London prison farm reported today that James Laycock, 27, of Warren, had run away from the farm's honor dormitory. Laycock was serving a one to 15-year term for burglary and larceny.

INDICT RUSSIAN ON SPY CHARGES

(By Associated Press)

SEATTLE, April 10.—America's first postwar "spy" case reached a new climax last night when a federal grand jury indicted Soviet Lt. Nicolai Gregorovich Redin on five counts a few hours after the State department in Washington disclosed it had rejected a Russian request that the case be dropped.

The Soviet embassy made the request April 6 on the ground that Redin was innocent.

The grand jury indictment declared Redin, 29, had obtained information concerning national defense, induced another to obtain plans pertaining to national defense and conspired to obtain and transmit to a foreign government plans dealing with national defense.

It charged the young Russian naval lieutenant had sought the information "with intent and reason to believe that the information was to be used to the injury of the United States and to the advantage of a foreign nation, to wit, Union of Soviet Socialist Republics."

Justice department officials said in Washington the case apparently was the first in United States history in which the government had prosecuted an officer of a foreign power in peacetime.
